#### Known Issues Being Worked On:

1. If the player gets a Gift Award at the end of a turn, some text may overlap on the DMD.
2. In certain situations, one or more Jackpot lights will flicker erratically.
3. The top of the playfield preview image is partially cut off.
4. In rare cases, when the ball gets kicked out of the left drain, the table goes into an indefinite ball loop that requires a restart of the table to back out of. This is being worked on.
5. Switching the Flipper and Nudge buttons inside of the Pinball Settings does not function properly within Zen pinball tables.
