Known Issues Being Worked On:

1. ArcadeNet® for Legends Ultimate CE-HD packages may not sort correctly in AppStoreX™.
2. Some Magic Pixel pinball tables have broken button mapping for both side pinball and top buttons. This will be corrected in a future update.
3. When launching a game or pinball table, the dialog box says “You can play this game locally with up to 4 players.”. This statement does not apply to all titles. This will be corrected in a future update.
