

CE Firmware Beta for Legends Pinball HD and Legends Pinball Micro HD Devices

(September 25, 2026)

Firmware Version: 53.75.X

(The final digit may increment during the Open Beta period. This version applies to both Legends Pinball HD and Legends Pinball Micro HD.)

Highlights

The free, optional CE firmware Open Beta is now available for Legends Pinball HD and Legends Pinball Micro HD device owners.

This update brings the refreshed CE user-interface platform to more Legends Pinball devices, providing a more convenient on-device experience for discovering content, purchasing games, and accessing PinballNet®.

What's New?

- **Refreshed user interface:** Explore a redesigned layout that makes navigation easier.
- **Direct access to Legends Access on your CE device** - including Private Events, one of the most exciting features now available across the Legends Pinball family!
- **On-device purchases:** Browse, discover, and purchase games and additional content directly on your device through AppStoreX™ via Legends Access App (LADA).
- **PinballNet® access:** Enjoy access to PinballNet®, with a free-trial offer rolling out gradually.
- **Ongoing improvements:** This update lays the groundwork for future features and enhancements.

Open Beta Warning

This is a beta release. You may encounter bugs, stability issues, compatibility limitations, or unexpected behavior during use. Please keep this in mind before installing and report any issues to AtGames Customer Service. Your feedback helps us improve the experience.

Participation is completely optional. If you are happy with your current firmware, including v5.70, you may continue using it.
