# Legends Factory Direct: More Choices, More Savings

## Introducing Another Great Option For Our Customers

Legends Factory Direct (LFD) is a new program designed to offer you even more savings! This program is available first to the two new Premium Starters: The Addams Family™ and Attack From Mars™. We will expand the program's coverage as we grow. Via this LFD program, you save \$150 on the two Premium Starters when you purchase them during our 2024 introductory period and \$100 after the introductory period starting 2025. By purchasing Premium Starter machines early, you can take advantage of lower prices as the machines are freshly produced in China.

- This purchase option offers a great deal, though it comes with a longer delivery time compared to the 1-5 day estimated shipping from our U.S. warehouses – about 35-50 day estimated shipping time.
- To alleviate concerns, LFD orders can be canceled within 14 days for a refund minus a 5% restocking fee. If there's a delivery delay of over 3 weeks from the originally stated delivery date, you can opt for a full refund without restocking fee.
- This purchase option might not suit everyone but may be perfect for those seeking additional savings.
