Known Issue:

1. The DMD table description for Sea of Thieves® may not all fit on the screen when first installed. Rebooting the device will correct this.
2. Players may not be able to proceed past Mode 7 - Fate of the Morningstar if all successful shots are not registered.
3. When the 2nd ball for Cannonball Multiball is locked, the resulting announcement is cut off.
4. On rare occasions, the table could crash back to the CE-4K user interface.
5. Mode 3 incorrectly shows a reward of 5 million points on the DMD when the rules say it is 10 million.
