

Release Notes: The Thing Pinball Legends Single Pack for Legends 4K™ Pinball Machines (October 16, 2024)

The Thing Pinball Legends Single Pack Version 1.7

Immerse yourself in the thrilling and suspenseful world of Universal Pictures' 1982 classic film - The Thing. Use your pinball skills and battle against the shape-shifting alien through the arctic chill of U.S. Outpost #31. Can you trust anyone, even yourself?

The Thing Pinball Legends Single Pack is available on the AtGames E-Store and via Legends On-Device-Purchase (ODP) at AppStoreX™ today.

The Thing Pinball Legends Single Pack is playable on all currently released Legends 4K™ machines and will be compatible with future AtGames Legends 4K™ devices.

The Automated Latency Tester reports average flipper latency for The Thing Pinball at 77.67ms.

Special Note: Users may notice a slight slowdown of the ball as it exits the outer orbits. This is by design to reduce ball drain.

Known Issues Being Worked On:

1. Switching the Flipper and Nudge buttons inside of the Pinball Settings does not function properly within Zen pinball tables.
2. Due to the size of The Thing, users will see a short pause when it launches. It occurs just before their playfields appear.
